History

#1 - 19.09.2016 17:30 - didi

There's a CLI and a UI version, see links in "this announcement": <https://forum.sia.tech/topic/331/sia-v1-0-1-released>

Both installed on sia@sia.d10r.net.

50k Siacoins (SC) are needed in order to start hosting (offering storage) - that's currently ~20€.

#2 - 22.12.2016 21:13 - didi

- *Description updated*

I now have the 50k SC somewhere.

#3 - 22.12.2016 21:13 - didi

- *Tracker changed from Support to Research*

- *Project changed from Lab to lab10*

- *Status changed from New to In Progress*
